**Powering Projects with
People, Precision &
Performance.**

Who? We Are

At **TNQ**, we provide end-to-end industrial and infrastructure services, combining expertise, innovation, and reliability to deliver lasting solutions. With a focus on quality and trust, we support projects across Saudi Arabia in construction, technology, and industrial services.

Mission

To become a trusted infrastructure and industrial service provider in the Kingdom of Saudi Arabia by delivering solutions that are rooted in reliability, safety, and innovation

Vision

Founded with a vision to contribute meaningfully to Saudi Vision 2030, TNQ is dedicated to enhancing the local economy through job creation, technology-driven operations, and sustainable business practices. We serve both public and private

Services

At **TNQ** we don't just provide services—we build long-term partnerships by ensuring quality, safety, and reliability in every project. Here's why clients trust us:

Asphalt & Paving Works

- Road base preparation, prime coat, tack coat, hot mix application
- Internal roads, parking areas, sidewalks, warehouse yards
- Maintenance, patchwork, and pothole repairs
- Environmentally safe asphalt mixing complying with MOT standards
- MOT and ARAMCO Standards

Fiber Optic Installation

- FTTH/FTTB preparation and implementation
- Installation of backbone cable and branch lines
- Trenching, ducting, pulling, splicing, termination, and OTDR testing
- Adherence to CITC and telecom sector regulations
- (STC, MOBILY, ZAIN, SEC and MOI)

Fencing & Physical Security Systems

- Chain-link fencing, barbed wire, and welded mesh
- High-security perimeter enclosures (ARAMCO Standard)
- Man gates, sliding gates, and motorized access systems
- Ideal for industrial plots, housing communities, and government sites

Road Marking & Traffic Signage

- Applications using thermoplastic, cold paint, and solvent-based materials
- Parking lots, roads, intersections, caution zones, and pedestrian paths
- Arrow marks, speed humps, reflective cat-eyes & bollards
- Compliance with MOT, Aramco, and municipal standards

CCTV & Surveillance Technology

- Analog and IP CCTV systems with remote access features
- NVR/DVR-based recording, motion detection, infrared capabilities
- Integration with access gates, barriers, and alarm systems
- Industrial plants, villas, installations, road monitoring

Manpower Supply & Equipment Rental Services

- Skilled, semi-skilled, and general labor
- Engineers, supervisors, safety officers, equipment operators
- Excavators, backhoe loaders, bulldozers, skid steer loaders
- Boom lifts, forklifts, cranes, compressors, and light towers

A large, light-colored watermark of the TNQ logo is positioned in the bottom left corner of the page. The logo consists of the letters 'TNQ' in a bold, sans-serif font, with a stylized circular arrow element behind the 'Q'.
